

Dear Recruiter,

I am writing to express my interest in the UI/UX Designer position at your company, as advertised. With a strong background in design and a passion for creating exceptional user experiences, I am excited about the opportunity to contribute my skills and expertise to your team.

Currently, I am a UI Designer, where I lead design projects, conduct UX research, and develop prototypes for innovative solutions. My previous experience as a UI/UX Designer allowed me to specialize in design systems, color theory, and typography, skills I consider essential for delivering projects that not only meet but exceed user expectations.

In addition, my role as a Social Media Manager has provided me with the opportunity to manage content creation and social media strategies, teaching me the importance of effective communication and audience engagement. My freelance work on e-commerce projects has also enabled me to apply my design knowledge in dynamic and challenging environments.

I am fluent in English, Spanish, and Portuguese, allowing me to collaborate effectively with teams and clients from diverse cultural backgrounds. I am available to start immediately.

I look forward to the opportunity to discuss how I can add value to your team. Thank you for considering my application, and I hope to contribute my experience to your company.
